Character and Competency

Stewards are disciples who reflect Jesus in how they live (character) and in what they do (competency). As leaders of the Branch they commit to living out the Branch's values:

- **Wholistic Worship:** Stewards have surrendered their lives — each part — in worship. They submit to Jesus as their Lord and King in tangible ways.
- **Authentic Community:** Stewards see their lives as gifts to be given away. They willingly invest what they have and who they are in the lives of others.
- **Family on Mission:** Stewards are people who believe that they are 'sent'. But they are not sent alone. They lock arms with others in order to be on mission together.
- **Simplicity:** Stewards regularly seek the Spirit's wisdom in their lives, asking God to help them spend their time and talent on the things that matter most.

Stewards will also show:

- Evidence in their life of the ability to listen to and discern the leading of the Holy Spirit.
- Evidence in their life of the ability to trust in God's provision -- materially and otherwise.
